Study in Halle!

Science since 1727

The School of Economics and Business in Halle looks back on a long tradition. In 1727, it appointed the first professorship at a university for „Ökonomie, Polizey und Kammersachen“ and thus laid the foundation for economic research. Scholars in Halle have since made a great impact and repeatedly drawn academic attention to Halle. In the spirit of this tradition, the School of Economics and Business offers a wide range of courses and interdisciplinary cooperation with the Law School that is unparalleled in Germany.

Graduate programmes

The following master's programmes (120 CP each) are open to Business Economics graduates at the School of Economics and Business:

- Economics: Data Science and Policy (English)
- Accounting, Taxation and Finance (German)
- Business Studies (German)
- European and International Economics (German)
- Human Resources Management (German)

Good to know

CP → Credit points are booked to your account upon completion of all course requirements (including the examination). Modules may be specialist courses, general education courses, internships and the Bachelor's thesis. They count for 5, 10, 15 or 20 CP where 1 CP corresponds to a workload of approximately 30 hours. A full-time student should complete 30 CP per semester on average.

Examinations are held in accordance with the *European Credit Transfer and Accumulation System (ECTS)* principles. Credit points can thus be transferred to other European higher education institutions that follow the ECTS principles. Similarly, Halle University recognises ECTS modules if they are suitable for a particular programme.

ASQ → General education courses comprise presentation and language courses as well as courses that develop written, oral, social and intercultural competencies. These competencies help graduates enter their professional careers.

Programme at a glance

Faculty of Law, Economics and Business

School of Economics and Business

Programme type: Bachelor's programme with 180 Credit Points (CP)

Degree: Bachelor of Science (B.Sc.)

Standard period of study: 6 semesters

Start: winter semester

Medium of Instruction: English

Studies without *Abitur*: yes (for Germans only)

This study programme is **accredited**.

Programme objectives

Business Economics 180 CP at Halle University is an internationally recognised 3-year bachelor's programme that provides you with the skills and the knowledge needed for a career in an international setting.

The programme is designed to give students a solid understanding of business management, economics and quantitative methods that can readily be applied in an international environment. You may specialise by choosing from a broad range of electives.

Applicants to our programme have a genuine interest in business management and economics and possess an excellent proficiency in English. International applicants bring the desire to immerse themselves in a multilingual environment and to benefit from a strong command of the German language by the end of their studies.

Career opportunities

Our graduates have been very successful in numerous fields, including but not limited to:

- International corporations and organisations
- Government and public agencies
- Consulting firms
- Studies at the graduate level
- Launching their own businesses

Admission requirements

A recognised, direct university entrance qualification in Germany is a prerequisite for the admission to the study programme.

German applicants typically obtain their direct university entrance qualification via German *Abitur*. Qualified professionals without *Abitur* may take the *Feststellungsprüfung* to establish their eligibility.

International applicants must have their entrance qualification evaluated by *uni-assist* e.V. By the way, *uni-assist* provides a tool to check your university entrance qualification in Germany.

International applicants with an indirect university entrance qualification in Germany may attend the *Preparatory College (Studienkolleg)* to obtain access to higher education in Germany.

Additionally, all applicants must provide proof of their proficiency at the **B2 level**. Exclusively, the following proofs are accepted:

- Certificates: Cambridge English (min. FCE with grade C); IELTS (total band score: 6.0); TOEFL iBT (score: 72); UNiCert II
- Native speakers (see website for conditions)
- German *Abitur*: minimum score of 10 points (exam or average across the final 4 school terms)
- Placement test B2 at Halle University
- *Feststellungsprüfung* at the Preparatory College of Saxony-Anhalt: minimum grade of 2.0 in English

Application

The admission to *Business Economics 180 LP* is currently **restricted** (Uni-NC).

- Applicants with a German university entrance qualification must apply via www.uni-halle.de/bewerben by **15 July**.
- Applicants with a university entrance qualification from abroad must apply via www.uni-assist.de/en by **15 July**.

For further information, also regarding the **required documents**, please visit www.uni-halle.de/+becob.

Programme structure

Business Economics 180 CP covers the following areas:

- Business Studies
- Economics
- Quantitative Methods
- Law
- Foreign Languages
- General Education (e.g. presentation skills, academic writing, computer science)

Modules

Throughout the first 4 semesters, the entire curriculum is taught in English and includes mandatory language classes depending on your individual background. During the final year you may then specialise by choosing from a variety of both English and German electives and by completing your internship, seminar and your Bachelor's thesis.
